PROFILE

I was born on 11/12/1999 in Cologne, Germany and am currently living in Barcelona. At the age of 17 I left home and moved to Spain for a year of Work&Travel. There I made great experiences which have enriched me and gave me insights in new cultures, languages, business branches and a lot more.

I am goal oriented, always focussed on the work I do and ready for new experiences. I love being challenged and expand my abilities as a consequence.
